# MAKE IT YOUR OWN KITCHEN

## Makeover

**CONTEMPORARY:** Marlborough in black American walnut

**AVAILABLE AT DEWHIRST:** Strata in natural oak means clean lines and a glossy finish

**KITCHENS** are looking better than ever with a major showroom refurbishment at Dewhirst's city centre showrooms.

The award-winning Leicester kitchen specialist, with one of the finest showrooms in the East Midlands, has recently revamped more than half the displays at the Granby Street store, with the focus on glossy contemporary style and new timber finishes currently stealing the limelight on latest looks.

Dewhirst director Damian Dewhirst confirms the ongoing popularity of clean lines and a

glossy finish for contemporary kitchens.

"Our German Systemat range combines sleek style with the typical precision you would expect from a quality manufacturer.

**ARTISAN LOOKS**

"But we are also seeing a resurgence of artisan looks with a modern twist, reflected in ranges like the new American Black, walnut in frame traditional kitchen from Stoneham.

Dewhirst was recently listed as one of the UK's finest inde-

pendent kitchen specialists in The Guardian's 2008 Interiors Directory.

With more than 50 years of stylish kitchen installations at competitive prices, Dewhirst provides an expert service that keeps on the ball with new developments.

Dewhirst remains an independent family firm and has been a leading member of the Kitchen Bathroom Bedroom Specialists Association for more than 25 years.

The firm's consumer Care Plus Plan, free to all customers, provides insurance protection

on monies paid.

To launch the showroom revamp, Dewhirst is planning an open day on Saturday, April 26, for visitors to browse among the new displays and see how they perform with in-store cookery demonstrations.

Customers who spend £12,000 or more on a new kitchen will receive a Miele dishwasher, worth £750, free.

The full Dewhirst planning and installation service includes expert design and fitting.
